News and Views from around the Diocese

Number 85 - Winter 2006-Spring 2007

Christ Church, Harris

The dark wet and windy weather came to an end eventually and, although we haven't had the incredible weather that people are enjoying in the South, Spring came smiling in with daffodils and primroses in abundance.

Easter brought back our weekenders and an abundance of tourists and so our Easter Services were very well attended; in fact, on Easter Sunday there was standing room only. Daniel, our Minister lost his voice and so the services were divided up between various members of the congregation; his oldest son read the Sermon which is a feat in itself because we all have problems reading Daniel's writing. The Passion, on Good Friday, was read by one of our Local Collaborative Ministry team and by several of our young members - and was extremely moving.

The visitors have all gone now and we have settled down to a quiet time with an attendance of around eleven to fourteen but we are looking forward to Summer and to the visit of Bishop Martin and his wife for the annual pilgrimage to Ensay (see pictures below) which will be on the 28th July this year. We have the promise of three or four boats for transport this year and so we will be able to make up a party of 20/22 people.

The congregation from Christ Church send greetings and love in the name of God to all.
